## HOME CARE (DOMICILIARY CARE)

Whether you need an extra hand around the house, assistance at either end of the day or round-the-clock support to live at home; Carepoint can help. Visits range from 1 hour to 24 hours, depending on your needs.

Our specially trained and trusted team of caregivers pride themselves on being discreet and professional at all times. Thanks to our detailed care plans, they know exactly how each client likes to maintain their personal routines and will support them to whatever level is necessary.

## LIVE-IN CARE

A caregiver will live with you in your home, delivering a tailored plan of support following input from you, your loved ones and other professionals involved.

We meet more than just your physical needs; we work with you to create a bespoke care plan which incorporates your goals and personal interests. This allows for control, choice, independence and peace of mind.

## Working smarter for your independence

We regularly hear: 'I just don't know what to do' or 'What options are there?' Here at Carepoint Services, we work with you to develop your support, which means that you can get the care needed to match your lifestyle and budget.

We can offer you home care or live-in care - the choice is yours. Now you may ask: 'What's the difference?' Here is a brief outline of each choice to help you decide which one will work best for you.
